Internet Dealer further agrees that in addition to the Company's standard MAP policies, the following additional MAP conditions apply to this Internet Agreement:

INSTRUCTIONS

1. Buying for Resale: The buyer must have an Idaho seller's permit number unless he is a wholesaler who makes no retail sales or an out-of-state retailer with no Idaho business presence (e.g. physical location, representatives or employees, etc.) An Idaho seller's permit number has up to nine digits followed by an "S." **Example: 123456-S.** If the number contains any other letter or is an inappropriate number, such as a federal Employer Identification Number, the certificate is not valid. If you wish to verify a seller's permit number, call any State Tax Commission office.

2. Producer Exemptions: Businesses that produce products for resale can buy goods that are directly and primarily used in the production process without paying tax. Loggers, publishers of free newspapers (with at least 10% editorial content) and broadcasters are granted a similar exemption. However, a seller must charge these buyers sales tax on any of the following:

- Goods used in selling/distribution
- Janitorial or cleaning equipment or supplies
- Maintenance or repair equipment and supplies

- Any licensed motor vehicle or trailer and parts

Note to seller: You may stamp or imprint a *Producer Exemption Claim* on the front of your invoice. If a customer fills in his exemption claim on a stamped or imprinted statement each time you make an exempt sale to him, you do not have to keep a Form ST-101 on file for the customer. Contact any Tax Commission Office to obtain the required language for the statement.

3. Exempt Buyers: These buyers are exempt from tax on all purchases.

Nontaxing State: Construction materials for a job in a nontaxing state are exempt from Idaho sales tax. This exemption applies only to materials that will become part of real property and only if the contractor is not subject to a use tax or a similar tax in the other state.
